#### Why choose Tax Reduction Services, Inc.?

Tax Reduction Services, Inc. (TRS) is Long Island's oldest and most experienced company of its kind. For over 25 years, TRS has helped tens of thousands of property owners save over a billion dollars on property taxes. TRS has stood behind its pledge: There is no fee unless TRS is able to achieve a tax reduction on your behalf.

Reducing residential and commercial property taxes in Nassau and Suffolk counties since 1990.

TRS is also the only company that features MyTaxSnapshot™. This is an online tool that allows Long Islanders to view their property tax history and see how much TRS has saved others in their neighborhood.

Nassau/Suffolk residents are still paying hundreds of millions of dollars in unnecessary property taxes. Homeowners can find out if they are eligible for a reduction by going to [www.taxreductionservices.com](http://www.taxreductionservices.com) or speaking to one of our tax consultants at (631) 477-1304. TRS believes everyone should pay their fair share of property taxes, but not a penny more.
